TRUCK CAPS, COVERS, AND ACCESSORIES

FEBRUARY 2025

 **REALTRUCK**

BRING YOUR TRUCK TO LIFE

RealTruck is the premier manufacturer of functional aftermarket parts, gear, and accessories for truck, Jeep®, Bronco®, and off-road enthusiasts. Headquartered in Ann Arbor, Michigan, RealTruck designs, develops, manufactures, and sells industry-defining products, including bed covers, truck caps, bed liners, floor liners, fender flares, steps, suspension kits, overland, and more.

See the full lineup and find a local dealer at realtruck.com.

WHY SHOP REALTRUCK

UNMATCHED SERVICE

Industry-leading support from over 1,000 dealers and partners throughout the U.S. and Canada.

BUY WITH CONFIDENCE

RealTruck is proudly continuing the legacy of celebrated manufacturer A.R.E., who began covering trucks in 1969. Plus, a limited lifetime warranty is offered on all caps and covers.

INNOVATION LEADERS

Our focus is to live outside the industry norm—designing and developing the most advanced truck products.

ISO CERTIFIED

We are the first and only ISO certified (Quality Certified ISO 9001) truck cap and cover manufacturer in the U.S.

RECREATIONAL TRUCK CAPS

A family of three is camping in a forest. A woman is crouching by a campfire, holding a long stick. A young boy is standing next to her, also holding a stick. A man is sitting on a folding chair to the right, holding a stick. In the background, a dark-colored pickup truck with a roof rack is parked. The scene is set in a wooded area with many trees and green foliage. The ground is covered with dirt and some fallen leaves. The campfire is made of rocks and is burning brightly. The overall atmosphere is peaceful and outdoorsy.

**MAXIMIZE
PROTECTED
CARGO SPACE**

Frameless all-glass rear door with contour strip

Sleek rear profile with optional frameless pop-out window

Robust and heavy-duty rear door hidden hinge design

Z2/Z SERIES®

Sleek, sophisticated, and precision engineered. The Z2 side and front glass uses urethane technology just like your vehicle's windshield for the best water resistance. Customize with optional keyless entry to effortlessly lock and unlock the cap.

STANDARD FEATURES

- All-glass rear door has no protruding hardware, along with the industry's most durable contour strip that seals the door to the tailgate.
- The OneMotion™ rear door handle is designed for easy one-hand operation. Factory-grade lock cylinder and automotive-style slam-latch system. Optional keyless entry available.
- Weather resistant with frameless side and front glass uses urethane technology for the best exterior and interior appearance on the Z2.
- The dark gray interior headliner provides a clean, finished appearance.

Robust and heavy-duty rear door hidden hinge design

Optional frameless side sliding window

Optional retractable screen

CX REVO™

Featuring the industry's most advanced and robust rear door design. The CX Series® CX Revo side and front glass uses urethane technology just like your vehicle's windshield for the best weather resistance. The CX Revo is engineered for seamless integration with today's trucks.

STANDARD FEATURES

- Patented frameless tailgate-formed rear door. The only true all-glass rear door with no protruding hardware.
- Robust and heavy-duty hidden hinge design, and HYDRO-LIFT™ gas prop technology to position the rear door when opened.
- The OneMotion™ rear door handle is designed for easy one-hand operation, allowing for faster bed access. Factory-grade lock cylinder and automotive-style slam-latch system. Optional keyless entry available.
- Frameless side and front glass uses urethane technology for the best exterior and interior appearance.
- Dark gray interior headliner provides a clean, finished appearance. The 12V LED dome light with ActiveTilt™ automatically turns on/off when rear door opens/closes.

Aluminum framed side sliding window

OneMotion™ rear door handle

Optional vented sliding window for side access

CX EVOLVE™

Classic function meets modern design on the CX Series® CX Evolve. Featuring the industry's most advanced and robust rear door design. Paired with aluminum framed side sliding window and screen, this model combines versatility and traditional appearance.

STANDARD FEATURES

- Patented frameless tailgate-formed rear door. The only true all-glass rear door with no protruding hardware.
- The most robust and heavy-duty hidden hinge design, and HYDRO-LIFT gas prop technology to position the rear door when opened.
- The OneMotion™ rear door handle is designed for easy one-hand operation. Factory-grade lock cylinder and automotive-style slam-latch system. Optional keyless entry available.
- Aluminum-framed recessed side sliding window with screens.
- Dark gray interior headliner provides a clean, finished appearance. Featuring an interior 12V LED dome light.

Composite single T-handle with factory-grade lock cylinder

Recessed side sliding window with screens and corner fascia

Optional OTR UV-stable textured exterior finish available

CX CLASSIC

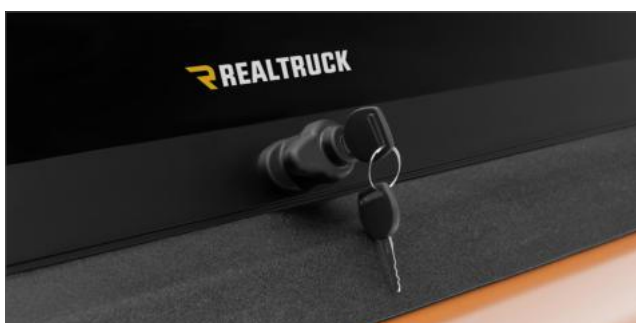

The CX Series® CX Classic combines strength, style, and function. Designed to look great, with customizable options. Ideal for every lifestyle, whether work or play.

STANDARD FEATURES

- Designed with recessed areas for additional styling and strength.
- Heavy-duty aluminum-framed rear door features a recessed fit, contour strip, and proven composite single T-handle. Easy one-handed operation.
- Aluminum-framed sliding side window with screen and corner fascia.
- Aluminum-framed front picture window.
- Heavy-duty aluminum-framed rear door.

Composite single T-handle with factory-grade lock cylinder

Aluminum-framed sliding side window with screen

Optional no side window for privacy

V SERIES™

Traditional styling with smooth, clean lines, and customizable options. The V Series™ is an economical choice for customers who want quality and function.

STANDARD FEATURES

- Designed with smooth sides and rear for a traditional appearance.
- Heavy-duty aluminum-framed rear door with contour strip and composite single T-handle. Durable and easy one-handed operation.
- Aluminum-framed front picture window.
- Heavy-duty aluminum-framed rear door.

**ADVENTURE
IS WIDE OPEN.
YOUR TRUCK BED
SHOULDN'T BE.**

Composite single T-handle with factory-grade lock cylinder

Aluminum-framed sliding side window with screen

Optional Yakima™ Roof Rack system available on all models

OVERLAND

The Overland Series offers a unique and rugged look to complement today's trucks.

STANDARD FEATURES

- Unique two-tone off-road appearance featuring a UV-stable textured finish to complement your truck cap's factory-match paint.
- Heavy-duty aluminum-framed rear door with contour strip and composite single T-handle. Durable and easy one-handed operation.
- Aluminum-framed front picture window.
- Heavy-duty aluminum-framed rear door.

Optional full fiberglass walk-in rear door

Front vista glass (not a skylight)

Optional Rival® LED Light Bar

MX SERIES[®]

Stylish mid-rise roof design is engineered for more headroom and storage capacity, while providing a taller rear door opening for loading and unloading cargo. The MX features a unique front vista glass design.

STANDARD FEATURES

- More bed space than cab-height models.
- Designed with recessed areas for additional styling and strength.
- Heavy-duty aluminum-framed rear door features a recessed fit, contour strip, and composite single T-handle. Easy one-handed operation.
- Exclusive full fiberglass walk-in rear door allows you to remove the tailgate from your truck for ultimate cargo access and camping (optional).
- Aluminum-framed recessed side sliding window with screens and corner fascia.

RECREATIONAL TRUCK CAPS

**HAUL IT ALL
AND MAKE HAY**

Aerodynamic design helps improve airflow

Composite single T-handle with factory-grade lock cylinder

Optional vented window for side access

TW SERIES™

The steady rising design of this wedge-style cap takes full advantage of the capacity of your truck bed. Maximum head room, easy access, and aerodynamic styling.

STANDARD FEATURES

- Aerodynamic design ensures easy access and improves airflow over campers, trailers, or boats.
- Designed with smooth sides and rear for a traditional appearance. This model offers the tallest rear door available.
- Heavy-duty aluminum-framed rear door with contour strip and composite single T-handle. Easy one-handed operation.
- Aluminum-framed side sliding window with screens.
- Aluminum-framed front picture window for easy access.

CX Profile Pictured

Patented internal aluminum skeleton

Optional HD Series Roof Rack with 550 lbs. weight rating

Optional aluminum-paneled doors with commercial-grade folding T-handle

HD SERIES™

There has never been a stronger, more durable RealTruck fiberglass truck cap than the patented HD Series for recreational use. Available for the CX and MX cap profiles, the HD Series features an internal skeleton which increases the weight capacity of the roof rack and side storage bins.

STANDARD FEATURES

- Patented internal aluminum skeleton increases the weight capacity for more gear.
- Optional aluminum-paneled rear door and side access windoors for additional security and privacy. Available with commercial-grade folding T-handles or composite T-handles.
- Exclusive HD Series roof rack option with 550 lbs. weight rating.
- Optional diamond plate storage bins with divider options. Up to 200 lbs. capacity per bin.
- Various 12V LED interior light options.
- Optional keyless entry.

**EQUIPPED
TO PURSUE
YOUR PASSION**

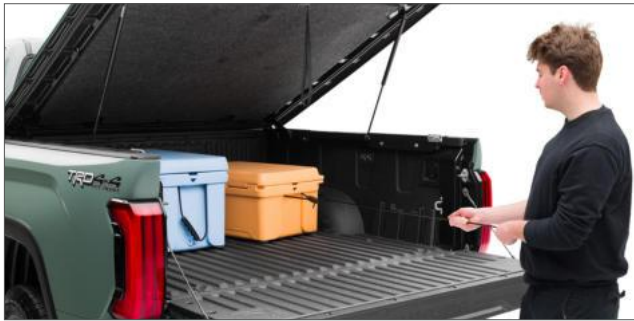

TRD
OFF ROAD

LS3 SERIES®

Introducing a cover that delivers factory-quality strength, security, and appearance. One-piece ABS composite construction is lightweight and strong, thanks to an X-Effect structural enhancement that adds rigidity. Despite weighing only 70 lbs., the LS3 performs like a heavyweight, supporting multiple adults standing atop the cover.

STANDARD FEATURES

- New and improved OneMotion™ handle with optional e-lock that links to the vehicle's factory key fob.
- X-Effect structural design for durability. Double-bulb weather seal keeps elements out.
- Includes wall-mount hardware to protect and store the cover when not in use.

HD WARRANTY

RealTruck warrants to you, the original retail purchaser of an RealTruck HD, that the body will be structurally free from defects in material and workmanship for as long as you own your cap and the original vehicle. The body includes the fiberglass shell and mounting rails only. RealTruck warrants to you, the original purchaser, for as long as you own your cap that the exterior paint will not abnormally fade or peel due to material or workmanship defect faster than the original pickup it was installed on by an authorized RealTruck retail dealer.

The internal skeleton frame will be warranted for three (3) years from your retail date of purchase against failure due to defects in material and workmanship.

All other hardware will be covered under standard RealTruck fiberglass truck cap warranties.

The RealTruck HD has been designed to carry 550 lbs. evenly distributed on the HD roof rack and 200 lbs. evenly distributed in each toolbox.

CAUTION: The weight of this product and the weight of the cargo it was designed to carry may be more than your truck was designed to carry on the bed rails. Please consult your truck manufacturer.

WARNING: The use of this product may raise your vehicle's center of gravity, especially when loaded. Higher center of gravity is known to increase the chance of vehicle rollover.

TRUST THE LEADER

When you purchase our cap for your truck, you have 1,000+ RealTruck partners across North America ready to serve you. Major leasing companies rely on RealTruck to provide caps and service to thousands of vehicles they own nationwide. You deserve the same peace of mind that they enjoy. See your local authorized RealTruck dealer today to order the work cap that meets your needs.

Factory-installed interior, exterior, and safety LED lighting options

Commercial-grade roof rack

Full-length side door and toolbox options

DCU

Customize your cap with hundreds of options, and with no assembly required. Rugged and fully welded frame construction for years of durable service. Each DCU has compression-sealed doors for weather resistance, and the most secure lock systems on the market to protect your tools and equipment.

STANDARD FEATURES

- Available in multiple cap heights and rear door configurations, with side door and toolbox options for easy access to the truck bed.
- Standard baked enamel exterior colors (white, black, light gray). Optional and customized paint-to-match colors available.
- Wide selection of commercial-grade roof racks allow you to easily access ladders and supplies without giving up valuable bed space. We also have the top-selling interior rack system for quick and easy storage of smaller A-frame ladders.
- Optional keyless e-lock available linking the vehicle's key fob for greater convenience and enhanced confidence from utilizing the best standard locking system available.

**ANY JOB
ANYWHERE**

DCU MAX

Robust design and execution of the MAX offers strength and durability for your work needs. Like the DCU, there is no time-consuming assembly required. This custom product stands up and delivers against the toughest commercial work environments.

STANDARD FEATURES

- The exterior aluminum skin on the MAX is thicker than the standard DCU and unique to the RealTruck commercial lineup.
- Stainless steel strap hinges provide strength, security, and smooth operation on full rear doors.
- Available in multiple cap heights and rear door configurations.
- Standard baked enamel exterior colors (white, black, light gray). Optional and customized paint-to-match colors available.
- Wide selection of commercial-grade roof racks allow you to easily access ladders and supplies without giving up valuable bed space.

COMMERCIAL ALUMINUM CAP WARRANTY

ISO 9001

RealTruck warrants to the original purchaser of Commercial Aluminum truck caps that they are free from defects in structure, materials, and workmanship for a period of three years from the date of purchase from an authorized RealTruck dealership. See the dealership for a copy of the full warranty statement.

200+ POSSIBLE CAP OPTIONS

With 200 or more variations to choose from, you can create the perfect cap to fit your work needs. Our rugged, fully-welded frame construction offers years of durable service, no matter what the weather or job. There's a reason that the RealTruck® DCU Series® is the only truck cap that received a 10 out of 10 rating by Handyman Magazine readers.

ACCESSORIES

Rival® LED Lights

Rival® LED Lighting offers a full range of lighting styles and features for recreational and commercial use. These lights are made of high-quality automotive-grade materials to give you dependability and confidence on dark nights.

Ascend® Roof Basket

The Ascend Roof Basket mounts directly into our track system with no need for additional cross bars. The basket features aluminum construction with a black textured powder coat finish. Add Rival® LED lights easily with the 360-degree attachment points.

Cap-Pack®

The Cap-Pack Sport is an innovative storage system that maximizes the interior space of your cap to organize and secure cargo. When closed, the lightweight aluminum storage drawer locks into a sturdy elevated frame that allows your truck bed to be free of clutter. No-drill installation.

TopperEZLift

Designed for truck owners who want to travel light and move fast. Hunters, campers, fishermen, and weekend warriors are saving time and money with TopperEZLift. The easy load access is great for any excursion or project, big or small.

ACCESSORIES

**TruckVault™**

TruckVault is the most recognized name brand for vehicle equipment storage in the sports, law enforcement, and public safety. Regardless of your bed size, TruckVault will organize, protect, and secure gear from the elements and thieves. The top surface of TruckVault can hold up to 2,000 lbs.

**DECKED® CargoGlide®**

Never crawl into your truck bed again. Easy to load, with multiple stop positions. Constructed of industrial-grade American steel and aluminum. Featuring a resin-coated marine-grade plywood tray. Choose between 70 or 100 percent extension. Payload options of 1,000, 1,500, and 2,200 lbs.

**Husky Liners® Premium Bed Liner**

Full-bed protection with tough polypropylene construction built to withstand wear, water, and UV rays. Premium carpet-like feel adds just the right amount of give for cargo and knees.
